THE JEWEL OF MUSCAT AS4

Tom Vosmer

Monday 9 August, 9.30 - 10.30am

The Jewel of Muscat was a reconstruction of a typical medieval trading ship of the Western Indian Ocean. For millennia, all ships of the Indian Ocean were sewn, their planks joined by cordage, their frames lashed into the hull shell. Not a single nail was used. Despite frequent historic references, only two such ships have

ever been discovered. The Jewel of Muscat reconstruction was based on the first of these. Tom will reveal elements of the fabulous cargo discovered in the wreck, the archaeological research, and the design, construction and sailing of the vessel for 6000 km from Oman to Singapore. Tom is a maritime archaeologist and directed the construction of the vessel.

MEMORY, IMAGINATION AND WRITING AS5

Ian Reid

2 Tuesdays, 10 & 17 August, 2 - 3.30pm

This will appeal to those who are or want to be writers and to those who simply enjoy reading. Memory and imagination are sources for many kinds of writing. Sometimes one predominates: memory for autobiography and family history, imagination for particular forms of fiction. But successful contemporary literature usually blends the two in creative ways, which is often the key to a winning piece. Ian, a writer and Adjunct Professor in English and Literature at UWA, explains.

Moscow-Beijing relations have reached their 'highest level in history', Russian President Vladimir Putin said recently. The close ties are based in part on the leaders' shared identities as autocrats who repress all political opposition. They also have closely aligned foreign policies, and both want to restrain US influence

in Asia. An alliance between the two countries would have a massive impact on the Indo-Pacific region and for Australian security. Alexei Muraviev is Associate Professor of National Security and Strategic Studies at Curtin University.

PERTH THEN AND NOW AS20

Richard Offen

Wednesday 15 September, 2 - 3pm

Perth ranks amongst the oldest places on earth with near continuous human habitation. The modern city came into being in 1829 with the formation of the Swan River Colony. For the first 60 years Perth was no more than a small country town which lived on an economic knife-edge between riches and ruin. Then, in the 1890s, commercial quantities of gold were discovered in the North and East of WA. This sparked the first of several mineral booms in the State, and resulted in Perth being able to demonstrate its newfound wealth in the form of grandiose buildings which began to transform the modest town into the city we know today. Join Richard, author of the best-seller 'Perth Then and Now' on a fascinating visual tour around the city through photos old and new.

HAPPY GUT AS21

Nick Nation

Friday 17 September, 9 - 10am

Astonishingly, we each carry approximately 2kg of gut bacteria around with us. Our understanding of what constitutes a healthy gut is evolving. Rather than increasing so called 'good' bacteria and decreasing 'bad' bacteria we now know that the key is in the diversity and balance of our gut microbiome. When that balance is disturbed, we suffer the effects - generally in the loo in the form of either constipation or diarrhoea. Hear how to keep or restore this vital balance. Dietician and lecturer Nick Nation returns to deliver this popular talk.

WHO WE ARE

Glyde-In Community Learning Centre began in 1981.

We offer courses, talks and activities that we hope will enrich members' enjoyment and knowledge, and foster a healthy community life. We aim to be a source of learning that doesn't cost the earth, that doesn't need prior knowledge or qualifications, and asks only a small commitment of time. Our courses are non-competitive and informal.

Tutors are from all walks of life, and we welcome more.

Our staff members work part time, and our volunteers play a significant role in the life of the Centre.

Glyde-In is a not-for-profit organisation managed by a volunteer management committee. Most of our funding is generated through membership and course fees. We are also supported greatly by the Town of East Fremantle, through provision of our building and ongoing operational funding.

HOW TO ENROL

Enrolments begin Wednesday 8.30am in person (or online from 9.00am) and continue through the term, spaces permitting.

If you mail your booking in and require a posted receipt or other information, please include a self-addressed stamped envelope. Otherwise, detailed receipts are emailed.

Any enrolments received early are processed on Enrolment Day along with the others. If your choice of activity is full, you will be placed on a wait list and of course we'll let you know. All courses require a minimum number of enrolments to proceed. Consider yourself enrolled unless you hear otherwise.

Please choose carefully as refunds or credits are not

issued if you cancel after enrolment week. However if you find that you can't attend, you're welcome to transfer your booking to another person; just let us know if you do.

We appreciate notification if you are not able to attend on the day.

Our enrolment form is on the last two pages and has a complete list of all courses and activities. Simply put a big **X** against the ones you want. Circle the fees that apply (use a coloured pen or highlighter if you can), complete your name, membership and payment details, and hand it to us.

Your receipt will list everything you're booked into and any for which you're on a wait list, as well as a list of things you might need to bring on the day, e.g. for an art class.

A Word from the Chair

Glyde-In remains in a strong financial position thanks to the wonderful support of our members, staff, volunteers and the Town of East Fremantle. In addition COVID resilience funding allowed Glyde-In to remain financially viable during the lockdown. Last year the committee voted to extend all membership fees for six months to compensate for the impact of the lockdown and has recently voted to maintain our current membership and course fees for the next financial year. These measures align with our policy of providing maximum benefit to our members.

An important part of our ability to provide benefit to our members is our reliance on the freely given skills of our volunteers. Without them, Glyde-In costs would rise dramatically. Our Management Committee members are all volunteers. Volunteers maintain our buildings and our garden, organise and run our Out & About programme, staff our enrolment days, support our IT systems and provide many other valuable services.

Unfortunately, nothing lasts forever, including our volunteers, so we need your help. Have you thought about the benefits of volunteering? I can only speak about these benefits from personal experience. After our kids left home and I retired, I felt that I was somewhat surplus to requirements. Something was missing in my life, a sense of purpose and a need to feel useful. I was enjoying spending time at Glyde-In and came to appreciate the valuable service Glyde provides its members. So I got involved in volunteering and found that these activities provided the sense of purpose I was seeking.

Currently, we are seeking volunteers for our Management Committee, our Out & About Committee and our gardening group. If you feel that you can contribute to any of these activities and would like to be more involved, we would love to hear from you.

I want to take this opportunity to recognise the work done over many years by Craig Johns, our volunteer IT expert. As part of the recent Volunteers Week Australia 2021 celebrations Craig was recognised by the Town of East Fremantle for his outstanding service to Glyde. Thank you Craig and well done.

Our Out & About Committee has arranged eight outstanding outings for Term 3. This springtime programme includes the popular Hotham Valley Railway and Perth Observatory, His Maj Grand Historical Tour, Law Courts and Museum, WAAPA tour, Araluen Tulip Festival, Parliament House Gallery and Enderslea Farm in the Chittering Valley.

We hope you enjoy the many activities and outings in this Term 3 programme.

Please stay safe and well,

Yours Sincerely

Mal Christison
